

GORONGOSA NATIONAL PARK

3 Days / 2 Nights

Beautiful Gorongosa National Park is located in the Southernmost part of the Great Rift Valley of East Africa in Mozambique. It is one of the most untouched National Parks, with large herds of oribi, reedbuck, waterbuck, warthog, sable antelope, and elephant. Predators are slowly recovering with a number of lion prides and male coalitions found within the Park. It is also a birders paradise with one birder reporting seeing 120 species in one sitting!

Day 1: Beira / Gorongosa National Park

On arrival at Beira International Airport you will be met by a representative and transferred to your camp. Explore Gorongosa is an exclusive seasonal tented eco-camp and a series of light wilderness fly-camps. This is the first private ecotourism initiative in the world-renowned Gorongosa National Park, and is an undiscovered gem of the African safari circuit. The safari experiences are led by expert guides through some of the most scenic and wildlife rich areas of Mozambique whilst offering an exclusive tented camp safari experience. Enjoy an afternoon game drive followed by a wonderful dinner. Two nights at EXPLORE GORANGOSA CAMP. (D)

Day 2: Gorongosa National Park

Here there are no set itineraries, with activity and schedule options being entirely flexible. As a general rule most of the safaris are on foot, away from the noise and bumpiness of vehicles, and at the same level as the animals of Gorongosa. However, the unique safari experiences available include walking safaris, canoeing and game-drives, visits to the Gorongosa Wildlife Sanctuary, Vinho village visits, and visits to see the visionary

restoration project underway to return the Park to its former glory. (B, L, D)

Day 3: Gorongosa National Park / Beira

After breakfast, you will be transferred back to Beira International Airport where your tour ends.
